

# Power Solutions Group LTD.

Electrical Systems Specialists

24 Hour Service  
800-373-8826

*Power Solutions Group is your single best source for electrical switchgear maintenance, repair, testing, training, modernization and field/engineering services.*

## Field Services

### Circuit Breaker Maintenance, Repair, Testing

- Power Circuit Breakers
- Molded Case Breakers
- Insulated Case Breakers

### Transformer Maintenance, Repair, Testing

- Oil Filled Power Transformers
- Dry Type Power Transformers
- Pad Mount Power Transformers
- Nonflammable Liquid Transformers
- Cast Coil Power Transformers
- Bushing Repair/Replacement
- Transformer Tank Painting
- Current Transformers
- Potential Transformers
- Transformer Oil Analysis
- Transformer Oil Filtering
- Transformer Oil Replacement
- Transformer Acceptance Testing
- Transformer Maintenance Testing

## Additional Field Services

### Equipment Maintained, Repaired, Tested

- Switchgear Assemblies
- Unit Substations
- Power Centers & Motor Control Centers
- Medium Voltage Contactors
- Ground Fault Equipment
- Transfer Switches
- Emergency Power Equipment
- Generator Switchgear
- Cable Hypotential Testing
- Lightning Arresters
- Instruments and Meters
- Bolted Pressure Switches
- Ground Resistance Testing
- Electronic Overcurrent Devices

## Infrared Scanning & Ultrasound Scanning

- Electrical Switchgear & Equipment
- Electrical Distribution Systems
- Electrical Transmission Systems
- Hospital Maintenance Programs
- Data Processing Maintenance Programs
- Process Monitoring

## Shop Services

### Circuit Breaker Retrofitting

- Low Voltage - Solid Waste
- Low Voltage with Power Monitors

### Circuit Breaker Reconditioning

- Low Voltage

## Engineering Services

- Power Quality Analysis
- Harmonic Analysis
- Fault Current Analysis
- Coordination Analysis
- Load Studies
- Power Factor Analysis
- Power Monitor Retrofits
- Preventive Maintenance Programs
- Power System Evaluations
- NFPA 70E/OSHA Flash Hazard Analysis

## Training Services

- Electrical Safety
- Arc Flash Safety, Protection & Training

## Equipment Inventory, Remfg. & Used

- Transformers
- Breakers
- Switchgear Components

**Power Solutions Group, LTD is a full service provider  
in the electrical systems industry.  
Make us your first choice for all electrical systems needs!**

***The possibilities are unlimited!***

*We have vast knowledge of first response to electrical accidents and explosions.*

*We can quickly and safely solve large power electrical emergencies.*

*Our knowledge enables us analyze your electrical system and uncover potential safety issues.*

*Our Experience allows us to train your maintenance staff on how to work safely around electrical systems.*

*Our skilled engineers can custom design any kind of electrical system requirements you may have.*

**Power Solutions Group, LTD.  
24-Hour Service/365 Days a Year  
Equal Opportunity Employer**
